## CONTROLLER ADVISOR

COMMITTED  
TO OUR VALUES:

Trust  
Respect  
Passion

## Controller – The Analytical Architect of Financial Precision for Diverse Businesses

We're seeking a fractional Controller to join our leading CFO firm. You are an analytical financial wizard with a keen eye for detail, ensuring impeccable follow-up and commitment across diverse client priorities. Your strength in deductive analytical problem-solving allows you to thrive in dynamic, fast-paced environments, and you excel at building strong, trusted relationships through thorough communication.

### Your Impact & Responsibilities – Where Your Strengths Shine:

As our Controller, your unique strengths will be directly applied to critical areas across multiple client engagements on a fractional basis:

- **Client Relationship & Financial Management:** Your thorough communication and relationship-building skills will foster successful client partnerships. You'll manage the entire financial close process, including financial statement preparation, KPI analysis, and presenting month-end results, ensuring accuracy and insightful explanations for our clients.
- **Precision Accounting & Analysis:** Your keen eye for detail, analytical wizardry, and deductive problem-solving will drive meticulous general ledger management, strong reconciliation skills, and in-depth financial analysis, including cash flow management and forecasting. You'll identify key variances and provide clear explanations.
- **Operational Oversight & Agility:** Your ability to thrive in dynamic environments and ensure impeccable follow-up will enable you to manage multiple deadlines, multi-task effectively, and maintain oversight and leadership of client accounting teams, all while ensuring robust accounting policies, procedures, and controls.

### What You Bring (Formal Qualifications):

- 7-10 years progressive experience in accounting/finance, with 5 years in a Controller or similar leadership role, ideally managing multiple client accounts or diverse business units.
- Bachelor's degree in Accounting, Finance, or related field (CPA preferred).
- Proficiency with various accounting software/ERPs (e.g., QuickBooks Online, QuickBooks Enterprise, Xero, Sage, NetSuite, Microsoft Dynamics and advanced Excel skills, demonstrating adaptability to different client systems.)
- Strong GAAP reporting and compliance background

### What We Offer:

- A challenging yet rewarding role where your analytical skills are valued across a diverse portfolio of businesses within a supportive firm environment.
- Significant impact on the growth and financial health of multiple organizations.
- A collaborative and supportive team environment, often with remote flexibility.
- Opportunities for continuous professional growth and exposure to various industries.
- Contractor/1099 with rate of \$60-\$85/hour based on experience.

**VertexCFO** provides fractional CFO and Controller expertise to middle market and well-funded start-up companies seeking to make solid financial decisions to manage, grow or sell their companies. We specialize in making sense of complex financial information, providing CEOs and entrepreneurs sound data to run their businesses and present to their investors. We work in multiple industries and are looking for people who want to make a difference and help our clients grow. Based in Golden, Colorado, support clients in Colorado and beyond.

### Ready to bring your precision and problem-solving passion to a team that values it?

**Apply today. Email resume to Brian Medley, Principal & Founder, [bmedley@vertexcfo.com](mailto:bmedley@vertexcfo.com)**
